## 50 GLOSS OPP / PERM / 70 PE KRAFT LINER ( 1 side silicon)

### General

Gloss clear OPP is a clear durable overlaminating film which is coated with a permanent acrylic adhesive suitable for overlamination of all ink types including **UV** inks. The high glossy finish and inert surface gives excellent glossy and durable properties and therefore this product is commonly used for general paper poster graphic overlamination where a glossy clear durable finish is required with 'short term' indoor 'light use' anti-graffiti properties. This product is not suitable for overlaminating plastisized PVC.

Via a soft cloth, a suitable proprietary cleaner such as (eg.Stardrops) is suitable for removal of 'light' contamination.

### Product Features and Performance Data.

<u>Component</u>	<u>Description</u>	<u>Details</u>	<u>Gauge</u>	<u>Tolerance</u>
			(Microns)	
A	Gloss clear polypropylene.	Biaxially orientated.	50	+/- 5
B	Permanent adhesive.	Exhibiting good Tack and Peel Adhesion	30	+/- 2
C	White, Kraft, PE coated release liner.	70 gsm, standard release, siliconised one side.	80	+/- 8

APPLICATION TEMP: +10°C - +40°C SERVICE TEMP: -20°C - +70°C SHELF LIFE: 1 YEAR

**STORAGE:** Effort must be made to keep this product free from moisture and excessive exposure to ultra violet radiation before use.
