

Datum: 1 feb. 2018

Compatibility overview

Compatible with (Eco)Solvent, Latex, and UV-cure Inks.

Physical characteristics

- Base material: Polypropylene
- Peel strength: 2-10 gram
- Weight: 135g/m²
- Thickness: 195µ

Features

- PVC-free
- Re-positionable
- Smudge free
- Does not leave any residues
- Large colour gamut
- Polypropylene base
- No special skills or tools required

Applications

- Window graphics
- Backlit signs
- POS displays
- Trade show graphics
- Office privacy

Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (16°C – 35°C at a relative humidity 35% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

All technical information and data above mentioned are provided to the best of our knowledge on the basis of our practical experience. They are offered in good faith, but without guarantee, as conditions and methods of use of our products are beyond our control. Therefore we can make no warranties, expressed or implied, including, but not limited to any implied warranty of merchantability or fitness for a particular purpose. We recommend that the prospective user determine the suitability of our materials and suggestions before adopting them on a commercial scale. The user is responsible for determining whether the product is fit for a particular purpose and suitable for the user's method of application.
